WORK EXPERIENCE

Cognizant Technology Solutions   DEC 2020 - PRESENT
Software Engineer - Java

- Developed and maintained software in multiple programming languages, such as Java, Python.
- Worked on Financial Services Enhancement project, where the application is updated to accept the voice input and performance tuning for the same.
- Debugged software, identified root causes, and proposed solutions to software issues and created bug reports for software development teams
- Enterprise service platform (middleware IBM WebSphere application) production bug fix in JAVA tech stack with Oracle DB
- Reviewed software requirements and provided feedback to ensure that the software meets customer needs
- Created a database dashboard that helps for data visualization and analytics, allowing for quick and informed decision-making by management
- System administrator for project management tool (JIRA cloud software and Blueprint)
- Supported the development and testing of new software applications, ensuring a smooth transition to production
- Optimized database performance by creating and tuning stored procedures and SQL queries
- Developed a web application using Java EE technologies, including JSP, Servlets, and JDBC
- Implemented a RESTful API that enabled third-party developers to integrate with the system with minimal effort
- Implemented a microservices architecture that improved system modularity and reduced dependencies between components

Team Player

- Coordinating with the release management team to integrate the work.
- Recorded, transcribed, and distributed minutes of meetings as a Team Player.
- Arranged meetings and ensured teams arrived to meetings with business on time.

Cognizant - **Internship**
Programmer Analyst Trainee

DEC 2019 - APRIL 2020

- Got trained in JAVA full stack (Java, Spring boot, Microservices, JSP, HTML5, CSS3, Hibernate, MySQL)
- Hands-on experience on Git / GitHub repository for complete SDLC.
- Developed an e-learning website in ADM- hacked project considering market status and business
